

- Drawing intended as a guide only.
- All measurements are approximate.
- Drawing shows parapet – in most cases same dimensions will apply if wall is a solid wall rather than a parapet.
- Drawings Not to Scale
- Document intended for use in determining dimensions only

Legend
A=Distance from inside parapet Wall to outside parapet wall including obstructions
B=Distance from top of parapet wall to below outside wall obstructions
C=Distance from top of parapet to solid attach point (must be 34.5"- 38.5" )
D=Distance from parapet wall to unobstructed roof deck
E=Distance top of parapet to roof deck
F=Horizontal distance from bottom attach point to outside edge of wall at top (5.5" min to 20" max)
